RESPIRATORS
• PAINT & PESTICIDE
• HALF MASK

Featuring superior activated carbon cartridges and large surface area prefilters which are designed as small, collapsed conically shaped filters. Soft blue material is both lightweight and molded in a unique, nosebridge style helps the respirator fit users better in the nose area and adapts better to users' faces. Approved by NIOSH under the NIOSH 42 CFR 84 respirator certification regulations, approved to the R95/OV category; R95 filters are at least 95 percent efficient against oil based contaminants, and resist degradation for at least an 8 hour shift. The OV classification means that the respirator is also approved for organic vapors.

SAFETY VESTS

SAFETY VESTS

- REFLECTIVE
- "HIGH-VIZ"

Reflective stripes provide increased visibility, hook and loop closures keep vest closed, elastic side straps automatically adjust to user's waist size, one size fits all. Used in applications such as working on/near roads, construction sites, school crossing guards, jogging/walking/cycling, for retro-reflectivity by headlights during evening use.

• COMMERICAL GRADE
• "TELE-PLUS"

'Tele-Plus' is a flexible modular system. The tubes have 2 -3 section units, with additional extension modules which enables you to assemble poles with extended lengths from 8 ft. to 30 ft. The poles made of drawn anodized aluminum, are light weight and can be handled easily and safely, even when assembled to provide a maximum reach. With ergotec locking cone for use with Unger products.

719-4905	GS	10	EA

RAZOR BLADE SCRAPERS
• RETRACTABLE
• DELUXE - HEAVY-DUTY
• "AMERICAN LINE"

All metal with brass carrier. 3 positions with safe scraping stop. Contour design.

Our No.	No.	Shf Pk	Unit
AMERICAN SAFETY RAZOR			
	With 5 Blades - Carded		
547-7310	66-0445	10	EA

RAZOR BLADE SCRAPERS
• RETRACTABLE - SINGLE EDGE
• HEAVY-DUTY
• "DELTA"

Removes coatings, paint, and stickers from glass, mirrors, or windshields. Blade held offset at 5 degrees to ease scraping and extra-firm clamp holds blade under scraping pressure. Built-in 1/16" sash guide maintains paint/glass seal. Blade track design minimizes clogs and gum-ups for positive blade extension and safe retraction. Rib-reinforced body, crimped and welded to eliminate bending, pinching, and spreading. Large ribbed control button and longer handle for safety. Ergo-engineered, fits fist for better grip and control. Large hang hole for storage.

FIBERGLASS STEPLADDERS

- EXTRA-HEAVY DUTY - TYPE IA
- NONCONDUCTIVE - FS1500 SERIES

Equipped with DA BOOT and molded top with tool slots. Polypropylene copolymer upper boot provides strength, durability and fiberglass rail surface protection. Thick non-marring thermoplastic elastomer tread is bonded and mechanically fastened to the upper boot and provides a slip resistant footing. Nonconductive structural molded top provides greater impact resistance. Spreader bracer inside fiberglass rails help keep braces from getting hooked or abused in transit. Double rivet step construction. Each step secured with six, large headed, semi-tubular steel rivets for maximum strength. Vertically mounted U-shaped back braces spaced on one foot intervals provide maximum stiffness and discourage unsafe climbing. Nonconductive full channel rails are convered with a polyester veil. Meets or exceeds the safety standards set by ANSI and OSHA. Steps 3" wide.

FIBERGLASS STEPLADDERS

- EXTRA HEAVY-DUTY - INDUSTRIAL GRADE TYPE IAA
- 7400 SERIES

Heavy gauge Tool-Tra-Top. Back-up plates reinforce all top connectors. Slip-resistant Traction-Tred steps are double riveted and knee-braced. Shoe pads riveted to the edge structure. Aluminum external rail shield helps protect against abrasion damage. The edge bracing system helps to decrease damage to rail. Glas Mark violator strips on rails allow ladder to be more visible. Full set of rear horizontals are knee braced and spaced one per foot. Extra heavy duty internal spreaders. Shoulder bolt and lock nut on tope hinge. 4 solid aluminum rivets attach top to each front rail. Every rivet backed up by metal part or washer to protect rails. Dimensions: Front rails 3-1/8" wide, front flange 1-3/16" wide, rear rails 1-7/8" wide, rear flange 1-3/16" wide, top 7-1/4" wide x 14-7/8" long, steps 3" wide. Meets ANSI and OSHA Standards.

LOUISVILLE LADDER, INC.			
462-3096	LP-2220-01	1	EA

LADDER STABILIZERS

• BASEMATE

Use to cut the risk of falls by allowing ladders to remain stable on uneven ground. Designed for both professionals and do-it-yourselfers. Attaches to the bottom of any standard ladder, keeping the ladder stable and level, providing it with an extra-wide adjustable base. Adjustable feet with ice pick feature. Non-slip rubber feet keep ladder from moving out of position. Tested to exceed ANSI Type 1A and CSA Grade 1 weight requirements. Attaches to most extension ladders. Patented leveling mechanism features effortless one foot operation. Made of hardened steel.

Our No.	No.	Shf Pk	Unit
QUALCRAFT INDUSTRIES			
727-4434	2475	1	EA

LADDER RAIL EXTENSION

Requires no tools, drilling or bolting to hold it securely in place. Aluminum design keeps handles from getting hot in the sun. Simple to use knob, tightens by hand without scratching or damaging ladder. Cushioned bumper pads help to protect the eaves of the roof. Added hand grips for easier usage. Safety latch prevents unit from slipping off ladder. Complies with OSHA's ladder rule of 36" above eave height.

SURGE PROTECTORS

- WHOLE HOUSE
- PHONE AND COAX
- "SURGEBREAKER PLUS"

Whole house Surge Protective Device (SPD) that helps protect sensitive electronics and other important items such as washers, dryers, refrigerators and lighting. Thermal and surge-fused metal oxide varistor design with modules for telephone lines and coaxial video cables. Designed for single-phase, three-wire, 120/240 V, 50/60 Hz residential power systems whose available short-circuit capacity does not exceed 25,000 Amp symmetrical short-circuit current. LEDs on the face of the AC module shine through the front cover and indicate the operational status of AC surge suppression. If either of the LEDs go off, the AC module should be replaced. The telephone module provides surge suppression for four telephone lines. The coaxial module provides surge protection for one coaxial cable. Rated NEMA 1, the SPD can be flush or surface mounted. Listed to UL 1449 Third Edition and cUL Listed for use in Canada.

- "WEATHER READY"

Never needs batteries. Cranking restores the rechargeable NiMH batteries to their charged state. The lifetime Nichia LEDs are bright, virtually unbreakable and never need replacing. 3.6 volt 80 mAH NiMH non-replaceable battery pack is charged with the crank only. Crank operates in either direction. Quick to use carabineer clip makes it easy to hang and remove light. Excellent solution for extended power outages and situations where the light will be stored for long periods of time. Typical weight of 111 grams with rechargeable battery. 134 mm x 55 mm x 35 mm.

SMOKE/CARBON MONOXIDE ALARMS
• BATTERY POWERED - VOICE ALARM
• PHOTOELECTRIC SENSOR
• "FIRST ALERT ONELINK"

First Alert ONELINK-enabled voice alarm with up to 11 programmable locations. Add additional battery-operated First Alert ONELINK-enabled alarms to create a wireless safety network. Photoelectric smoke alarm reduces nuisance alarms. Alarm and low battery silence feature.

Our No.	No.	Shf Pk	Unit
FIRST ALERT/BRK BRANDS			
070-4171	SCO501CN-3ST	3	EA

CARBON MONOXIDE DETECTORS

- PLUG-IN - DIGITAL DISPLAY
- BATTERY BACKUP

Electrochemical carbon monoxide sensor. Covers only one wall outlet. Plug the alarm into a regular outlet, test, and it's ready. Battery back-up keeps alarm working if electricity fails. Point and click any remote control unit to quiet unwanted alarms (remote not included). EZ view backlit digital carbon monoxide level display to view danger levels, current, and peak CO levels. Memory stores, recalls, and displays highest levels of CO detected. Low battery warning, low battery silence quiets low battery alert without affecting alarm operation. End of alarm life timer alarm chirps when it is time to replace, should be replaced every 5 years for maximum protection. Loud 85-decibel alarm. 3.3" height x 4.75" width x 2.8" depth, 0.54 pounds. UL Listed. 5 year limited warranty. Uses 2 AA batteries, included.

DRAIN CLEANERS
• MODEL Z5

Includes standard 5 piece tool set. Unit is built on heavy-duty steel frame with folding handle for easy transport and storage. Power cord is wrapped around conveniently placed brackets for safe, problem-free transport. Ground fault circuit interrupter (GFCI) safety feature comes standard with 20 foot power cord. Easy-to-use air operated foot switch allows the use of both hands when working with cable. Impact-resistant plastic belt guard for additional operator safety. Built-in drum shaft slip clutch minimizes cable and tool breakage and provides overload protection. Unique inner drum design eliminates cable buckling. Cable is 1/2" certified music wire with genuine galvanized aircraft wire inner core for longer life. Cast aluminum bracket with bearing supported guide tube. Fully open cage for easy cable inspection and cleaning. Large 10" wheels for better maneuverability. Wheel brake stabilizes unit while in operation. Rugged 1/3 H.P. reversible Baldor motor delivers plenty of speed cleaning power. Handy tool bag provides convenient storage of tools with unit.

DRAIN ROOT TREATMENT

ROOT KILLER

Keeps lines free from clogging tree and shrub roots. Roots have the ability to seek out small openings in pipe lines in search of water. Once a pipe is penetrated, rapid growth in the pipe causes blockage. This formula is proven by years of success in clearing sewer and drains of root growth, etc. Fast and easy to use. Harmless to bacteria in septic tank and cesspools. Prevents root blockage for a full year.

Our No.	No.	Size Ozs.	Shf Pk	Unit
ROEBIC LABORATORIES

ENZYME TREATMENTS

SEPTIC TANK TREATMENT
• BACTERIAL PREVENTATIVE

Contains anaerobic spore-bearing bacteria selected, conditioned and cultured for use in septic tanks. Resistant to soaps and detergents; continually produces enzymes which digest protein, keep tank contents liquid and prevent over-accumulation of organic waste. A single treatment prevents tank clogging and build-up for one full year. One quart treats one 500 gallon capacity tank.

Our No.	No.	Size	Shf Pk	Unit

FURNITURE WAX

- CITRUS SHIELD

Excellent for rejuvenating and protecting the finish on antiques, furniture, cabinets, paneling and wood floors. It enhances the natural beauty of the wood grain, and buffs to a brilliant, long-lasting shine. Brazilian Carnauba wax provides superior protection for your wood. Ideal for primitive pines and other unfinished woods where an easy application and a beautiful, natural-looking finish are desired. It distributes the color evenly into the wood, highlighting the wood grain.

WASHING MACHINE CLEANER

Smelly Washer Cleaner is used by adding a level cap (1 tbsp.) to a hot setting and allowing the cycle to complete. Most users find this will remove odor from any top or front loading washer. Worse cases will need more than 1 cleaning and even soaking to remove the odor-causing buildup. 12 oz bottle.

SCRUBBING PADS
• 2-IN-1 - MAGIC ERASER DUO
• "MR. CLEAN"

Features two sides: white side uses water to penetrate surface grooves to break up tough dirt and grime; blue side is a soft absorbent layer that wipes up everyday messes all over the house. The blue side also helps hold on to the eraser as the white side disappears. Cleans scuff marks, crayon marks and dirt from walls, floors and doors. Breaks up tough bathroom soap scum. Removes set-in dirt on refrigerators and other appliances. Cleans ground-in dirt on patio furniture. Contains 2 disposable 4.6" x 2.4" x 1" cleaning pads.

SMOKING URNS

CIGARETTE RECEPTACLES

- SELF EXTINGUISHING - FLAME RETARDANT
- POLYETHYLENE - WITH LINER PAIL
- "SMOKERS CEASE-FIRE"

Self-extinguishing design safely collects unsightly cigarette butts and reduces the risk of fire. Made of flame-retardant, sturdy, high density polyethylene, low maintenance, won't rust, dent, crack or peel and resists fading. 16.5" diameter x 38.5" height. Large internal neck cavity minimizes "clogging". Molded-in graphics easily identify opening for cigarette butt disposal. Extinguishing snuff spot. Covered opening keeps rain out and discourages other trash. Simply lift off lid to empty big galvanized steel pail inside. Tie-down notches offer security and greater stability under severe weather conditions. In high humidity environments, unique "drip-lip" internal construction prevents tar condensation from escaping. Factory Mutual fire tested and approved.

COMBUSTIBLE WASTE CONTAINERS

COMBUSTIBLE WASTE CANS

- ELEVATED BOTTOM - GALVANIZED STEEL
- RENTAL

OSHA compliant, essential whenever solvent cloths and wiping rags are used. One-piece cover opens no more than 60 degrees and stays closed when not in use, isolating contents from fire sources and limiting oxygen so spontaneous combustion risk is virtually eliminated. Cover snaps shut when pedal is released. Round construction and elevated bottom encourage circulation of air around can to disperse heat and reduce moisture build-up and rusting. 13.938" x 18.25" lead-free galvanized steel body with reinforcing ribs protect sides from dents and abuse. Carry handle for portability. Bright red warning color. Durable powder paint finish for long life. Trilingual safety label reduces miscommunication. Factory Mutual tested and approved, UL listed.

• "ROACH PRUFE"

The powder is applied with a teaspoon under kitchen appliances and in other hidden areas. Odorless, non-evaporating, non-staining and non-flammable. The electrostatically charged powder sticks to the roaches body and is carried back into the walls and spread among the other roaches; kills not only the roaches you see, but also those hiding and multiplying in the walls. Kills roaches, ants and silverfish.

RAT/MOUSE KILLER
• PELLETS
• PLACE N' KILL
• "VICTOR"

Made with a powerful single feed non-anticoagulant. Controls rodent populations in 1-2 days and in some cases, only a couple of hours. Economical and quick knock down. Bait stations are easy to use. Simply place the pre-filled disposable bait station near signs of rodent activity. Your hands never come in contact with the poison. Rodents will enter the bait station and chew the bait block. Rodents stop feeding after eating a lethal dose. There is no risk of secondary poisoning, so pets won't be harmed if they accidentally eat a poisoned rodent.

RODENT REPELLENT

- ELECTRONIC - PET CHASER
- "VICTOR"

For use in average sized rooms, kitchens, garages, attics and basements. Emits high frequency sound waves that effectively repel rodents. Sound is completely inaudible to people and non-rodent pets. Varying ultrasonic sound waves prevents rodents from getting used to the Victor Sonic PestChaser. Since the sound is inaudible, a red LED light shows unit is working properly. Reduction in rodent activity should occur within 6-10 days. Multiple units required for multiple rooms.
